

The Position: Maritime Safety Instructor

South West Maritime Academy Limited are looking to appoint knowledgeable and experienced Maritime Safety Instructors to join our highly skilled training team based in South Gloucester.

Duration: Part time (with the possibility of leading toward a full-time role)

Salary: Competitive daily rates.

Job purpose:

The key function of this role will be to deliver a range of courses in accordance with the Maritime and Coastguard Agency and RYA.

You will be responsible for the setup and delivery of a wide range of courses drawing on your own experience to enhance the knowledge of our students.

Ensure that Health & Safety regulations and normal operating procedures are observed.

You will work collaboratively with other instructors and the Managing Director to maintain and improve standards, ensuring that all training is engaging, interesting and fit for purpose. As a Maritime Safety Instructor, you will play an integral part of promoting safer working and behaviours onboard.

Duties and responsibilities:

- Preparation of course equipment and resources for both theoretical and practical elements ensuring everything is in full working order.
- To ensure that all students have the relevant pre-course entry requirements.
- To strive to ensure all students are competent and meet the required standards set out by the awarding body.
- To work collaboratively with the rest of the team to deliver consistent and high standard training courses.
- To assist in the development of and maintaining effective relationships with external companies.
- To assist in the development of courses.

Person Specification

To apply for the role of Maritime Safety Instructor it is essential you have:

- Previous experience in the maritime industry, emergency services or HM Armed Forces.
- A recognised trainer qualification or equivalent (this can be obtained at a later date)
- Relevant qualifications and experience in the subject you wish to deliver.

To apply for the role of Maritime Safety Instructor it is desirable you have:

- Basic computing skills (training can be provided if required).
- Experience working collaboratively as part of a team with excellent communication.
- The ability to work independently and take initiative when required.
- The ability to work to high standards and maintain own competencies.
- The ability to organise and prioritise your own time sticking to structured course timings.
- The ability to remain calm under pressure.
- An understanding of health and safety procedures pertaining to the maritime training environment.

The Company:

South West Maritime Academy Limited, an equal opportunities employer, was formed in 2011. South West Maritime Academy is a leading specialist provider of high quality training courses across maritime, security, fire and medical disciplines. We have unique training facilities in the South West of England which are used for a wide range of courses from sea survival, lifeboat training to firefighting, whilst many of our workplace orientated courses (including Basic First Aid, Paediatric CPR and Fire Marshal Training) can be completed on client premises across the UK.

Our specialist team of instructors are selected due to their extensive experience across emergency medicine, military and maritime environments – this ensures that all participants benefit from our direct personal experience of their instructors. Participants therefore master the required skills and knowledge through a combination of independent study, instructor led skills development and scenario practice sessions. Instructors can also provide additional relevant information to meet specific industry, workplace or local training requirements.

To apply please email a CV and covering letter to john@southwestmaritimeacademy.com

All candidates will be contacted and where possible feedback will be given to unsuccessful candidates.
